- Basic account setup support

Domain fees, email subscriptions, and third-party platform costs are not included.

Social Media Starter Kit — \$199

Best for businesses that need a simple, branded foundation for social media.

Includes:

Made in Greene

- Basic profile setup or cleanup recommendations
- Profile image and cover image design
- Short business bio/about copy
- Suggested first post
- Basic content direction
- Link/QR code guidance

Ongoing posting, engagement, photography, and paid ads are not included.

Ownership & Care

Two ways to work with us, you only pay for what you need. Every project includes 30-days of post-launch support.

Pay once, you own it:

We build your site, train you, and hand over the keys. It's yours to keep. You'll handle your own hosting, domain, updates, and backups. Any future changes will be billed at an hourly rate.

Care plan, optional recommended:

Prefer not to think about the technical side? We host, monitor, back-up, and update your website, with included time each month and a real person to call. No plans to start automatically, you choose it, and cancel at any-time with 30-days notice.

Ongoing Care Plans

Recommended on every website. Care plans keep your site secure, online, and current — and give you a person to call. Save two months when you pay annually.

Essential Care Plan **\$99/mo** · **\$990/yr**

- Hosting and technical monitoring — we keep the site up so you don't have to think about it
- Platform, plugin, and security updates as applicable
- Up to 30 minutes/month of minor text, image, or content updates

Growth Care Plan **\$199/mo** · **\$1,990/yr**

- Everything in Essential Care
- Up to 60 minutes/month for updates, seasonal promotions, event updates, or content support
- Priority turnaround on requests

Time doesn't roll over month to month. Work beyond your included time is billed at the standard hourly rate below.

How We Work

Terms	
Deposit to reserve your spot and begin work	50% upfront
Balance due before your site goes live	50% at launch
Out-of-scope / hourly work anything beyond the agreed project or care plan	\$125/hr

Revisions: Included rounds are listed with each package; additional changes are billed hourly.

What “Basic SEO” includes: page titles and meta descriptions, clean page structure and headings, image alt text, an XML sitemap, and Google Search Console submission. Ongoing local search work is available as an add-on.

Not included unless stated: domain fees, website platform or hosting subscriptions, business email, Shopify subscription, payment processing fees, third-party apps, and platform subscriptions. These are billed directly to you by the provider.
